

PRICE \$2.00 Per Year in Advance

WILL PASS BYLAW TO SET OFFICERS' DUTIES

Minutes of Regular meeting of the Town Council held on Thursday last when there were present Mayor Lally, and Councilmen Davidson, Fish, and Montgomery and Yeager.

The minutes of the last regular and special meetings having been adopted.

Communications were read from Mr. Jas. Tansey, asking that on account of disability he be allowed discount and rebate of penalty on 1921 taxes.

Davidson - Montgomery - That communication from J. Tansey be filed and that his request for rebate and penalty on taxes be granted - Carried.

From Mrs. W. H. Robinson, for the "Sunbeam Club" of St. Andrews church, asking for 15th of April next as a "flag day."

Fish - Yeager - That request for flag day by Mrs. W. Robinson be not allowed - Carried.

Two accounts were presented and

Yeager - Montgomery - That account covering 32 hours work at 40c per hour (assistance to the scavenger), total \$12.80 be paid.

Also an account from Montgomery store covering goods supplied to B. O. Casper, be paid - Carried.

The committee on finance reported having examined accounts amounting to \$3036.46 and recommended payment of same.

Fish - Yeager - That the report of the Finance Committee be adopted and cheques issued to cover the several amounts - Carried.

The committee on by-laws reported that in view of the fact that since the department of utilities has been formed there is some doubt as to what extent that department will or will not co-operate with the office of Secretary-treasurer, this committee do take the responsibility of assigning the duties of Utility Inspector and Engineer to Mr. Davidson.

For home-day, kindling call for the Atlas Lbr. Co. at Phone 57

The Health, Parks and Cemetery committee report recommended that a plan of the cemetery survey be framed for office purposes, and that the lots be advertised for sale, and also that cards be printed with the schedule of rates as adopted and placed in several places in town.

Montgomery - Davidson - That the report of the Health, Parks and Cemetery committee be accepted and adopted - Carried.

Fish - Davidson - That the secretary-treasurer be asked to make up a statement showing receipts and disbursements for the operation of the rink, and present same at the next regular meeting - Carried.

Davidson - Fish - That the Secretary-treasurer be instructed to notify Mr. R. Kenny that his services as rink manager will terminate at the end of the skating season and that this Council wish to thank Mr. Kenny for the pains taking way in which he has handled the rink this winter - Carried.

Fish - Davidson - That we now adjourn - Carried.

FIREPROOFING WOOD

Wood is such a convenient material, on account of the ease with which it may be worked, its relative strength, its low cost, and its attractive appearance, that it could be rendered fireproof if it would be almost ideal for many purposes. The Forest Products Laboratories of Canada, under the Department of the Interior are investigating various processes for rendering wood resistant to fire.

The Laboratories point out that it is possible, by impregnation with certain salts, to render wood fire-retardant, that is to decrease its natural inflammability very considerably. It can thus be made extremely difficult to ignite and the persistence of glowing embers can be prevented. This is an important step in the desired direction and in view of the progress already made, it is hoped that the processes may be made even more efficient.

SHELTER BELT TREES

Organized planting of shelter-belts all over the province for the purpose of protecting every farm in the West from the storms of winter was advocated by the Manitoba Horticultural and Forestry Association at its annual conference in Winnipeg.

WHIST DRIVE AT MAYFIELD SCHOOL PROVES SUCCESS

The crowd which gathered at the whist drive and concert put on by the Mayfield club on March 1st was voted by all present to be possibly the best held during the winter months. After card playing a splendid supper was served, this being followed by the musical numbers which after all thanks were extended to the many willing helpers at both concert and supper, a big effort is being made to eclipse the event at tonight's (March 15th) gathering.

The prize winners were as follows:

1st Lady - Mrs. A. Wood. 1st Gent. - J. Church. Lady's Consolation - Mrs. Fred Church. Booby - H. Driver.

MRS. A. ALLISON SUSTAINS NASTY ACCIDENT AT WELL

On Friday last, Mrs. A. Allison, wife of the foreman at the Imperial oil well at Fabyan, suffered painful injuries by falling on to some boards with protruding spikes, and was attended by Dr. Wallace who gave the patient care.

It appears that Mrs. Allison was not feeling well, and came to the door of her residence to get fresh air. As soon as she had opened the door, the lady fainted, and falling forward, fell and heavily struck some planks in the yard through which several large spikes were protruding.

These spikes caused painful wounds in her right hand, hip and breast and the sufferer was rushed into town where she was placed under the care of Dr. Wallace. She is now progressing nicely.

Don't neglect your fire insurance. It is important and needs special attention. Place this business with the Atlas Lumber Co. See Joe Welch.

For home-day, kindling call for the Atlas Lbr. Co. at Phone 57

FINE PROGRAMME FOR SPRING SHOW AT EDMONTON

The Edmonton Spring Live Stock Show management announces that excursion rates have been secured on all railways for this event, which will be held April 10th to 15th, with the Spring Bull Sale on the 10th and 11th. A very interesting programme has been arranged for the entertainment of spectators, in addition to the show horse classes. "Credential," owned in Vancouver, and the highest jumping horse on the American continent, with a record of 7 feet 8 1/2 inches, will be present in contests with local horses - and some of the Alberta horsemen think they have horses which can beat him.

A plucky little horseman of Edmonton is arranging a "stunt" with her horses which will make older and more experienced owners of horses open their eyes, and which should pack the building every night, with interested spectators. Polo, played by competing teams from Calgary and Edmonton will also add spice to the programme.

The prize list has been distributed and intending exhibitors should remember that all entries close on March 27th. The full sale catalogue (entries for which have closed) will shortly be ready for distribution to those asking for same. Manager W. J. Stark, Edmonton, will be glad to hear from those contemplating attending this show.

ANNUAL MEETING ST. ANDREW'S CH. ELECTS BO. OF MANAGERS

A general meeting of the members and congregation of St. Andrew's (Pres.) church was held on Thursday last when there was a fair attendance, presided over by the pastor, Rev. S. Davies.

The minutes of the previous annual meeting having been read these were adopted on a motion by Messrs Alexander and McLeod.

Mr. J. C. McLeod, as a clerk of the session of the church gave a short report of the work of that body, after which the chairman of the board of managers, Mr. O. J. Elder, presented his financial statement for the year 1921. This showed receipts amounting in all to \$13,327.71, and expenditures had totalled \$12,699.83. It was pointed out by the speaker that although the report showed outstanding liabilities of \$239.24, much of this had been met since the beginning of the year so that at this date there was only about \$80.00 unpaid on current running expenses up to the end of the church year.

The motion to accept and adopt the report was carried. It was also pointed out that the outstanding accounts had been practically cut in half as compared with the end of the 1920 year's report.

No report being presented from the Sunday school, the chairman stated that the school was in a fairly good condition but he was desirous of instituting classes for young men and women in connection therewith.

The financial report of the ladies' aid showed that their efforts during 1921 had netted \$472.40, and that after meeting all expenses and paying over to the church board nearly \$250 they still had some \$226.66 in the bank. Mrs. O. J. Elder and Mrs. R. Dunsmore moved the adoption of the report and this was carried.

The election of the new board of managers for 1922 then took place as follows: - Messrs George Elder and Kemp, for two years; and Messrs Dunsmore, McLeod and Lewthwaite for one year.

Before the adjournment of the meeting Messrs W. Huntington and H. P. May were appointed auditors for the year, and the gathering later enjoyed daily refreshments served by the indefatigable L. A.

Save the date - March 17th - for the Hard Times dance at the theatre; just dress any old way and come along. Tickets 50c.

Cheer up! Spring will soon be here. But while waiting for it to arrive, keep warm; and buy your wood and coal from the Atlas Lbr. Co.

CLASS STANDING BI-MONTHLY EXAMS WAINWRIGHT SCHOOLS

The following is a report of the class standing January and February.

Grade VIII - (B. Welch, 86.5; G. Olson, 80.5; G. Kenny, 78.7; L. Dowling, 73.8; J. McLeod, 73.4; V. Walton, 70.8; E. Merick, 68.9; J. Laird, 66.2; A. Monahan, 63.9; J. Cunningham, 61.2; J. Alderman, 55.3; P. Springer, 54.8; V. Hodgkiss, 51.3; W. Wheaton, 49.5; V. Stinert, 45.6.

Grade IX - M. Watson, 87.7; E. Love, 87.5; M. Stouffer, 87.1; M. Blain, 80.7; H. Fraser, 80.3; F. Torg, 79.0; M. Prosser, 76.5; E. Kinghorn, 71.0; D. Primrose, 70.0; G. Alexander, 69.4; V. Lake, 67.9; M. Whitley, 67.5; M. McKay, 67.3; M. Mabey, 65.4; E. Kenny, 62.1; D. Kennedy, 61.2; L. Aldridge, 50.3.

Grade X - M. Scofield, 87.3; C. Roaholt, 80.2; E. Hart, 79.5; L. Hasse, 78.3; A. Hart, 77.8; E. King, 77.0; W. Watson, 72.0; E. Murray, 70.2; H. McKay, 66.5; E. Mills, 65.3; M. Mabey, 65.0 (Partial).

Grade XI - P. Kent, 93.9; P. Dixon, 88.4; L. Fraser, 82.7; L. Withnell, 78.6; A. Withnell, 75.7; L. Matthews, 72.0; Q. Kent, 69.4; J. Hobkirk, 49.3; A. Scofield, 89.5 (Partial).

Mr. R. A. Woods was a visitor to Edgerton on business last week. Of course he got in a game of bowls!

AN OLD TOWNSMAN MAKES CHANGE

The Monarch Life Assurance Company announce the appointment of Fred G. Cope as Special Representative at Wainwright. Mr. Cope has been in the employ of the Union Bank of Canada, of Wainwright, for some years, and has proved himself a young man of the strictest integrity and high moral character. The Monarch Life Assurance Company's Officials have expressed general satisfaction with the appointment, as Mr. Cope is well and favorably known, and well qualified to handle the affairs of the Company.

CURLING CLUB TO HOLD BIG NIGHT AT LOCAL RINK

There is to be a "big don't" at the rink on Tuesday next when the curling club have their big wind-up in an endeavor to clear off the season's engagements.

Among other attractions there will be two games of hockey - between town teams - with the old-time boys playing the winners.

There will also be a variety show (including potato race for curlers) and an exhibition of fancy skating by Messrs R. Aykroyd and A. Wheaton.

The town band will be there with bells on, Ted Irwin will be the megaphone-man, and a real enjoyable evening is looked for.

There are 12,000 railway workers in India.

CENSUS RETURNS GIVE CANADA TOTAL OF 8,769,489 PEOPLE

Ottawa - Revised figures of census returns bring the total population of the Dominion to 8,769,489, as compared with 7,206,643 in 1911, an increase of 1,562,846.

The next house of commons, following re-distribution, will be available shortly. This will be an increase of ten members over the present representation. The figures are, however, still subject to revision and final returns may make a change. This applies particularly to the case of British Columbia. Representation in the next house following a re-distribution bill, will compare with the present house as follows:

Table with 3 columns: Province, House Present, House Next. Rows include Quebec, Nova Scotia, New Brunswick, Prince Edward Island, Ontario, Manitoba, Saskatchewan, Alberta, British Columbia, Yukon, Nova Scotia, New Brunswick, Prince Edward Island, Quebec, Ontario, Manitoba, Saskatchewan, British Columbia, Yukon, Nova Scotia, New Brunswick, Prince Edward Island, Quebec, Ontario, Manitoba, Saskatchewan, British Columbia, Yukon.

The census by provinces now stands as follows:-

Table with 3 columns: Province, 1921, 1911, Increase. Rows include Nova Scotia, New Brunswick, Prince Edward Island, Quebec, Ontario, Manitoba, Saskatchewan, British Columbia, Yukon, Nova Scotia, New Brunswick, Prince Edward Island, Quebec, Ontario, Manitoba, Saskatchewan, British Columbia, Yukon, Nova Scotia, New Brunswick, Prince Edward Island, Quebec, Ontario, Manitoba, Saskatchewan, British Columbia, Yukon.

MAX LINDER FILM PROVES REAL TONIC

If you're a member of the tribe of hipsters who believe that "laughter is just what the doctor ordered," slip over to see "Seven Years Bad Luck," the Robertson-Cole super-special picture featuring Max Linder, which will unpack its sack of snickers at the Elite theatre on Friday and Saturday next. Agreeing that laughter is happiness and happiness is the greatest of all tonics, "Seven Years Bad Luck" certainly wins the cut glass title for being the greatest health producer ever viewed on the silver sheet. There are more laughs (without the aid of a custard pie) in this picture than there are hops in a toad.

Max Linder hasn't been seen on the screen for sometime, and he has been sadly missed. When the Hun guns began to blaze away at Liege at the opening of the great war that put the Kaiser "in Dutch" and the German empire in hock, the famous comedian jumped into uniform in response to the French hughes. He stopped aiming to take up fighting and he did one equally as well as the other.

For clean humor you can't beat "Seven Years Bad Luck." Ever break a mirror? If you haven't, don't! You have no idea how a busted reflector will mar the daily diary for seven years, until you have seen what happens to Max in this new picture. The comedian's trouble really begins at his last bachelor dinner, when he manages to consume enough of the beverage prohibited by the eighteenth amendment, to make his homeward course a "shimmy."

The next morning he breaks the mirror. Why he breaks it is a secret. His fiancée gives him the cold paw. Why she gives him the cold paw is a scream. He must take a trip - a restful trip to steady his nerves and shake the seven year jinx. The trip is a strenuous, fast, and what Max has to put up with from the moment he is ousted by it is sweet heart, until the moment he finds himself again in her arms, with the mirror jinx a mere myth, represents a series of hilarious comedy situations never before equaled in moving pictures.

Try a load of Black Diamond kitchen coal; no big bumps to get on clean hot fire from dust. Atlas Lumber Co. phone 59.

The tickets are now procurable for the Hard Times dance which is being given in the theatre on St. Patrick's day - March 17th.

Visitors to the home of Mrs. Dunsmore last week included Mr. W. H. Richardson of Didsbury, Alta. who also spent a day or so with Mrs. Stuart.

GREENSHIELDS GOSSIP

The concert given by the junior Red Cross on March 3rd proved a success, the effort realizing a nice sum of money which has been sent on to headquarters to help on the good work.

The Community Club met last Friday evening at the home of Mrs. L. E. Bean, and after a short business meeting the time was spent in skating, dancing, cards, etc. Refreshments were served by quite a number.

A St. Patrick's concert is arranged to be held in the school room on Friday evening. Magic lantern views will illustrate a talk by Rev. N. Priestley, and concert numbers will be given.

The children of the L.T.L. and their parents were entertained at the home of Mrs. Morrison on Monday, and the affair was most enjoyable.

JUDGMENT GIVEN IN THE BOTTARO DIVORCE ACTION

Judgment in this action has just been handed down by Mr. Justice McCarthy. The trial took place in Edmonton in December and a large number of witnesses were examined. The trial occupied the time of the Court for three days. The husband sought to obtain divorce from his wife on the usual statutory grounds and joined the defendant D. W. Wakefield as co-respondent in the action. The judgment of Mr. Justice McCarthy dismissed the husband's action with costs and completely exonerated the wife and the co-respondent from the charges made against her by the husband.

Mr. R. F. McLaughlin, K. C., Edmonton, and Mr. H. P. Fieldhouse, K. C., Wainwright, for both of the defendants.

SCHOOL BOARDS CAN NOW INCREASE TAX COLLECTIONS

The attention of the rural school districts is invited to the fact that lands held by the C.P.R. Company become taxable after twenty years have elapsed from the dates on which titles were issued. Some of these become taxable in 1922. It is suggested to the Secretary-treasurer of any district having C.P.R. land there in to obtain from the Land Titles Office at Edmonton an abstract of title in respect to each particular parcel of such land. This abstract will show the date on which each title was issued, and if in any case the twenty year period has elapsed then such parcel of land may legally be assessed. In accordance with 10, subsec. 5, of the School Assessment Ordinance, any addition to the assessment roll may be made within two months after the roll is posted. As this matter is of considerable importance school boards should give it their immediate attention.

SPECIAL COMMITTEE SCHOOL CURRICULUM TO SEEK CHANGES

The special committee of learned professors and layman, which has been working for some months on the school curriculum of the province have now handed in their report to the Minister of Education, and it shows much care and attention has been given to the many matters which are affected by the proposed changes.

The report gives the following changes as considered necessary by the committee for recommendation to the government:

1 - Subjects of study to be divided into two groups: Fundamental and secondary, the fundamental subjects to form basis of promotion and to receive from 75 to 80 per cent of the school time. Fundamental subjects - Arithmetic, English (reading literature, composition, spelling and grammar in the later grades). Secondary subjects - Physical education, Industrial education (art, manual arts, household economics).

2 - English, oral and written, to be basal subjects in elementary schools, and no less than 50 per cent of the routine time devoted to it.

3 - All old subjects to be retained, but combined to prevent loss of time by overlapping, and much obsolete matter to be eliminated.

4 - Attempts to be made to stress principles of morality, citizenship and manners through a definite course to be entitled "Citizenship."

5 - In the last year of the elementary school directive courses with a certain amount of optional material to be common to all courses, the remaining 30 per cent to be variable.

Auctioneer Stuart is announcing a closing out sale of the furniture and farm effects of Mr. E. Connelley, 15 miles north of Fabyan on Thursday March 23rd at 1 o'clock.

THE EXAMINER'S WEEKLY REVIEW OF PROVINCIAL MARKETS

(Thursday, March 9, 1922.)

CATTLE

Beef - Buyers were indifferent at Edmonton and with a fair run of cattle the steer prices are lower. Choice heavy, \$66-\$67.50; choice light, \$5.50-\$6.25; good, \$5.00-\$5.50; medium, \$4.40-\$4.50; common, \$2.50-\$3.25; choice cows and heifers unchanged; best cows \$4.40-\$4.50; good, \$3.50-\$4.00; medium, \$3.00-\$3.50; common, \$2.20-\$2.50; canners, \$1.50-\$2.00. Choice heifers up to \$5. Veal easier, with best calves around \$7, and common \$2.50-\$3.40. Not many bulls offered, but firm at \$2.50-\$3.30; best; others down to \$1.25-\$2.25. Feeders and Stockers - Buyers are demanding good stuff, and will pay \$4.40-\$4.50 for suitable steers; stockers, \$3.50-\$3.50. Stocker heifers, \$2.50-\$3.30; stock cows, \$1.75-\$2.25.

HOGS

Hogs - Competition at Edmonton has not been so keen, and with lower prices on other markets, prices Wednesday declined to \$11.10.

SHEEP

Receipts at Edmonton light, and values hard to establish; choice lambs, \$8-\$9; wethers, \$7-\$8; ewes, \$4.50-\$6.50.

GRAIN

Fluctuations are being experienced, though not very wide, considering the advance of the season and uncertainty regarding buying power of those who need grain, as well as comparatively limited supply. There has been a lot of marketing in Alberta during the past few weeks.

PRODUCE

Eggs - Calgary still largely supplied with Washington eggs; prices on these likely to advance next week, and predictions are that Alberta fresh will have to complete against imported stuff at around 30c; market will depend on weather and strength of outside markets.

Southern Alberta creameries advanced prices yesterday on direct shipments by 4c, making the prices 33c, 34c and 35c for special first and second grades, and station prices 29c-30c and 33c on grades. Creamery Butter - Price on cartons advanced Wednesday to 40c and 36c for No. 1 and No. 2 Dairy Butter - Still around 25c for fancy table; likely to stiffen with creamery advance, off grades still unpopular. Poultry - Dressed chickens, 23c-25c; and No. 2 at 16c-20c; fowl, 18c-20c; not much live stuff coming in. Potatoes - Calgary price still around \$20 delivered; hopes that Edmonton export movement will strengthen situation all over province.

HAY

Unusual rush of orders during past week have resulted in considerable congestion; balers had not enough ready to meet demand, and delays in shipments have occurred; improved weather expected to remedy difficulty in securing supplies. Some deals for immediate shipment may have been higher, but usual buying prices will likely keep down to \$12-\$13.

FURS

Several lines weaker; coyotes, \$5-\$9 for No. 1; nothing taken now will grade better than No. 2 and some of it No. 3 so better leave them alone; marten of all kinds down from \$1.50 to \$1.00; otter down to \$1.00-\$1.15; weasel, 25c-30c Manufacturers not buying.

HIDES

Market about as bad as it is possible to get.

From what we learn, now that the new font in St. Thomas' church - presented by Mr. and Mrs. Scofield in memory of their beloved son, Robert - is in its place, baptisms can be arranged at any hour upon Sundays, while the church is properly heated. In the warmer weather, these ceremonies can be arranged for weekdays by arrangements.

We are glad to know that it is the intention of the Council to commence work right away on the alteration of the street lighting system. This will allow of power being available for moving service, which with the warm weather, working on should prove a boon to the busy housewife.

Reciprocity Question Will Form Material For Debate At Ottawa

Ottawa.—The developments at Washington have brought declarations in regard to the reciprocity question which will be keenly considered at Ottawa, and are likely to form material for debate in the coming session of Parliament. First comes the declaration by Mr. Fordney, chairman of the ways and means committee of the House of Representatives, that the United States is not prepared to discuss a general reciprocal trade agreement at the present time. Such a declaration on the part of Mr. Fordney did not cause any surprise. Mr. Fordney is an advocate of high tariffs. The emergency tariff bill which is pressing on Canadian exports of farm produce to the United States bears his name. And it is not likely that Mr. Fordney's views on tariff legislation have lately undergone much change.

But, coupled with Mr. Fordney's declaration in this regard, is the intimation that President Harding has declared the intention to open negotiations with Canada, once the pending tariff bill becomes law.

Here, it is felt in Ottawa, now lies the crux of the situation. Under the new tariff bill, the President is to be given power to modify rates to a certain extent; and the idea prevails that this was an important factor in Mr. Fordney's recent interview with President Harding. Mr. Fordney holds strongly to the reciprocity pact of 1911. But, as there is apparently no chance of its being favored by the present Congress, it is thought Mr. Fordney will now turn his attention to steps which may lead primarily to modification of the present heavy tariff on Canadian wheat and cattle.

What concession on the part of Canada Mr. Fordney would grant as a quid pro quo remain yet to be seen. Nor is it likely that important developments are likely till the situation clears at Washington and the new tariff bill becomes law. But that there will be keen questioning in the House of Commons with requests for full information is accepted as beyond doubt.

WOMEN OF ERIN TO HAVE FRANCHISE

Dublin.—An ineffectual attempt of the opponents of the Anglo-Irish treaty to secure a decree enfranchising women to vote at the forthcoming elections, developed much bitterness and the free use of personalities in session of the Dail Eireann, but the discussion showed that the supporters of the Free State, equally with the republicans, were unanimously in favor of equal suffrage, and Arthur Griffith, president of the Dail, said he was willing to incorporate the principle in the Free State constitution.

Mr. Griffith characterized the motion as a trick to impede the treaty, and affirmed that women would have equal rights with men when the Free State was established. The members of the provisional government showed anxiety to get back to the important work of drafting the constitution and their departmental affairs and on motion of Mr. Griffith the Dail adjourned until April 25.

Mrs. O'Callaghan moved for the Dail to admit Irish women to the parliamentary franchise on the same

terms as Irish men, and argued that there would be no difficulty in compiling the new register. This motion was seconded by Alderman MacDonagh.

Mr. Griffith opposed the motion as "one of the torpedoing devices of the opponents of the treaty, whose plans even included strikes. He himself was in sufficient, but he would not allow this dishonest trick to impede the elections. He turned angrily on Count Plunkett who interrupted him, and cried: "I was supporting woman suffrage when you were hanging out flags for the King."

A heated scuffle ensued. Mr. Griffith being obliged by the chairman to withdraw the epithet "humbus" which he had applied to Plunkett. Mr. Griffith proposed an amendment affirming that women would have equal rights with men when the Free State was established.

J. McGrath, labor minister, in seconding the motion, claimed that 95 per cent. of Irish women favored the treaty.

FRANCE WISHES TO GUARANTEE PEACE

MUST BE PROTECTED FROM
POSSIBLE INVASION SAYS
POINCARÉ

Paris.—Premier Poincaré, speaking at a luncheon given by the Anglo-American Press Association, said that "French imperialism is the old scare-crow which long ago was laid to rest alongside the tomb of Napoleon the Invincible." He declared that there was not a single Frenchman who had a thought, either for the present, or tomorrow, or for a later period of any warlike enterprise or of annexations. "We have no other wish than to guarantee peace," continued the premier. "Unfortunately, we are not guaranteed against those who might trouble it. Unlike England, with her sea belt, and unlike the United States by the absence of any dangerous neighbors, we are obliged to adopt some precautions against a renewed attack and invasion. It is not with a light heart that we still impose upon ourselves sacrifices in order to remain in a state of defense."

Chinese Cabinet Without Head
Peking.—The Chinese Government virtually is not functioning. This is due to the fact that the cabinet is without a head, the treasury is empty, the suggested funding of loans is meeting with strong opposition and the president who is politically isolated, is unable to persuade anyone to accept the premiership.

Griffith In Control Of Irish Situation It Is Conceded

Dublin.—Numerous clashes occurred again in the Dail Eireann, the feeling running high. Parnell de Valera continued to press for recognition of the Dail's supremacy, but the ministers of the provisional government held firmly that they were responsible only to the Irish people.

Divisions continue to show there is no doubt that Griffith is in control. Observers expressed the opinion that the result of the two days' debate has been to strengthen the hands of the provisional government, and increase public confidence in their ability to handle the situation.

In the course of a heated debate on the election machinery Arthur Griffith maintained his determination to hold the elections as arranged three months hence and on the 19th register.

Thankful for Good Will

Princess Mary and Viscount Lascelles
Now Wish to Be Left Alone
Shiraz, Persia.—The honeymoon of Princess Mary and Viscount Lascelles will be spent in seclusion at Weston Park. They expressed great gratitude for the tremendous display of good will at their wedding, but now they frankly wish to be left alone in their manor with its 11,000 acres of playgrounds.

There is no formality in the mansion and there are no court attendants or relatives. There are only a few secretaries whose purpose is to make the seclusion of the pair absolute. The telephone has been disconnected in order to make them secure from outside intrusion. It is the purpose of the couple not to have the rumor for at least a few days. In the meantime the great estate offers all they want in the way of diversion and exercise.

Rescue Entombed Men
Grass Valley, Cal.—Three miners, entombed at the 1,000 foot level of the Idaho-Maryland gold mine here were rescued unharmed after being buried for 14 hours. The men were not affected and proceeded to the surface without aid.

Increase in U. S. Public Debt
Washington.—An increase of more than \$90,000,000 in the public debt of the United States during February is announced. On February 28, the total debt stood at \$23,478,667,789, as compared with \$23,388,551,256 on January 31.

The members of the provisional government displayed intense impatience at the tedious debates, which they call an appalling waste of time. They have much work to do in connection with setting the Free State established, and are eager to get on with it.

Michael Collins, on adjournment, bitterly reproached his opponents for failing to submit a single constructive idea. The finance minister's feat of endurance amazed his associates; he works daily until 2 or 3 o'clock in the morning, getting only four or five hours' sleep.

The nature of the work of the provisional government ministers, Mr. Collins informed the Associated Press correspondent, was so complicated that it could not be delegated to subordinates.

AWARDED SEAT IN HOUSE OF LORDS

LADY RHONDDA FIRST WOMAN
TO SIT IN UPPER HOUSE

London.—The petition of Lady Rhondda to sit in the House of Lords was granted by the committee on privileges of the House of Lords. If she takes the seat awarded her by this ruling she will be the first woman to sit in the upper house of the British Parliament as Lady Astor was in the lower chamber.

Lady Rhondda is the daughter of the late Viscount Rhondda, Great Britain's wartime food controller who died in 1918 from an illness brought on by overwork. He left no male heir, his only child being the daughter, Mrs. Sir Humphrey Macworth.

After Lady Rhondda's right to the present title was established her counsel argued that the sex disqualification removal act clearly applied to a case like the present, and that the disability existing in the past now being removed, Lady Rhondda was entitled to sit in the House of Lords. After further argument the attorney-general on behalf of the Crown, said he raised no objection to the petition, which was therefore granted. Lady Rhondda thus becomes the first woman to sit in the House of Lords.

Interviewed after the decision Lady Rhondda expressed her delight that the case had gone in her favor. The decision, it is presumed, affects all the peeresses in their own right in the United Kingdom. There are 23 of these.

Teaching French Language

Manitoba School Trustees Think It
Not Necessary in Elementary
Grades

Winnipeg.—A refusal to endorse the teaching of French for one hour a day in elementary schools featured the closing session of the Manitoba School Trustees' Association here. Its supporters urged the value of French as a classical and commercial language, while the opposition declared the school curriculum already too full and that fair play prohibited the extension of a privilege to one class that was denied to others.

A resolution recommending that teachers' salaries be reduced was considered but received little support, while a request was made that the Provincial Government, bear 80 per cent. of the expense of the salaries of teachers in secondary schools.

Following the adoption of a resolution endorsing the listing of racial origin in the census, the meeting was decided by the convention to petition the Federal Government to have all citizens listed as "Canadians."

U.S. Reduces Navy's Fuel Appropriation

Officials Declare Steaming of Warships
Must Be Stopped

Washington.—The United States navy was virtually brought to anchor by the action of House appropriations committee in cutting the requested appropriation for naval fuel from \$15,000,000 to \$6,282,685. Plans were immediately made by navy department to stop all steaming of warships, the craft to remain where they are until additional funds are made available through transfer. The situation in the navy with respect to fuel has been serious for some time, but officials had held out hope that additional funds would be forthcoming in the deficiency bill. The action of the committee in cutting the fuel item in half, however, destroyed this hope, and officials said the old "recorder" was to stop all vessels.

Capital ships at present have an allowance of fuel for five days' steaming a month, eight destroyers are held down to eight days' steaming out of every thirty days.

Can Hear Appeals

Divorce Court Appeals Can Now Be
Heard in Manitoba

Winnipeg.—Divorce court appeals can be heard in the Appeal Court of Manitoba, according to a judgment issued by judges of the Manitoba Appellate Tribunal. Provision for appeal to the Appeal Court under the law should be made by the Provincial Legislature, according to the decision. The case from which the legal point arose appeared from a decision of Chief Justice Mathers in the King's Bench, who would not grant a divorce. The Appellate Court was appealed to, and the legal point arose as to whether the court could hear divorce appeals.

General Semenov Coming to Canada
Vancouver, B.C.—Cable from St. Petersburg states that General Semenov, leader of the Siberian Cossacks, is a passenger on the Canadian Pacific liner Empress of Russia, which recently cleared from that port. The purpose of his visit to this continent is not stated in the cable.

Big Gift to Hospital
New York.—A gift of \$600,000 to Johns Hopkins University of Baltimore for endowment, and buildings for the school of hygiene and public health, is announced by the Rockefeller Foundation.

May Abandon Coalition System

No Progress Towards Solution of
Britain's Political Crisis

London.—The political crisis projected by the Prime Minister has made no progress toward solution, and nobody ventures a prediction as to how it will eventually be solved. In its essence it is less a personal conflict between Mr. Lloyd and Sir George Younger, leader of the Conservative opposition, than a symptom of the struggle on the part of the three principal parties, Conservative, Liberal and Labor, to abandon the Coalition system, which is generally considered to have outlived its usefulness and get back to the old party system.

In this struggle Mr. Lloyd George occupies somewhat an anomalous position inasmuch as, although direct control of the party funds and the electoral machinery since he is the accepted leader of neither the Conservative nor the Liberal party, each wing of the Coalition having retained its own party machinery.

GREECE RELEASES FRENCH STEAMSHIP

WAS SEIZED BY GREEK TORPEDO
BOAT ON FEBRUARY 12

Athens.—The Greek Government has formally released the steamship Espoir which was captured by a Greek torpedo boat destroyer off the coast of Asia Minor on Feb. 12. Seizure of the Espoir was the subject of two notes to Greece from the French Government, the first demanding release of the vessel and cargo and the second threatening retaliatory measures if the request was not granted. Allegations that contraband cargo was carried was denied.

Building Contracts Show Increase

February Report Showed Encouraging
Advance Over January
Figures

Toronto.—The volume of contemplated new building construction reported in Canada during February, according to figures compiled by MacLean's Building Reporter, Limited, amounted to \$2,611,299, compared with \$2,219,600 in January. The value of contracts awarded in February amounted to \$19,718,206, and represents an encouraging advance in January figures of \$4,327,000.

Will Save Ten Million Sterling
London.—Sir Robert Home, chancellor of the exchequer, told a questioner in the House of Commons that approximately £10,000,000 sterling would be saved on estimates for the forthcoming financial year as a consequence to the decision reached at the Washington conference.

Steel Works to Close
London.—The steel works at Brokenshire, N.S.W., are expected to close definitely within a fortnight, directly or indirectly rendering many thousands idle, says a Reuters dispatch from Sydney.

ACHES AND PAINS—
SLOAN'S GETS 'EM!
AVOID the misery of racking pain. Have a bottle of Sloan's Liniment handy and apply when you first feel the ache or pain. It quickly eases the pain and sends a feeling of warmth through the aching part. Sloan's Liniment penetrates without rubbing. Fine, too, for rheumatism, neuralgia, sciatica, sprains and strains, stiff joints, lame back and sore muscles. For forty years a penny's worth. Ask your neighbor. It all druggists—35c, 70c, \$1.40. Made in Canada.

KING GEORGE SUES PRESIDENT HARDING

ASKS DAMAGES FOR ALLEGED
NON-DELIVERY OF CORNED
BEEF

Port Worth, Tex.—King George of Great Britain, through his attorneys, has filed a suit in district court here against President Harding, asking damages of \$1,075 for the alleged non-delivery by the Rock Island Railroad of 64 cases of corned beef, during the war.

President Harding is a party to the suit because the railroad is the defendant and the United States Government had control of the railroads for a period during the war. King George was the only plaintiff named in the suit. According to the suit, the corned beef, which was to be shipped from Hoboken, N.J., never was delivered.

Should Reach Wage Agreement

Would Facilitate Making Contracts
and Help the Farmer

Victoria.—Unemployment in Canada at present is 5 or 6 per cent. greater than at the corresponding time last year. Bryce-M. Stewart, director of employment service, Ottawa, told officials of the four western provinces of the employment service of Canada when the annual conference opened at the parliament buildings here.

Prospects of improvement, said Mr. Stewart, depend partly on employers and employees reaching agreements on wage scales to enable the making of contracts with some certainty as to future costs. Improvement in employment conditions in agricultural Canada, he continued, will be brought about by restoration of the farmers' purchasing power, either through better prices for farm produce or lower cost of commodities which the farmer must buy.

Wins Dog Derby In Record Time

Morgan's Team Makes 200 Miles in
24 Hours 51 Minutes

The Pas, Man.—A Morgan team, driven by Bill Grayson, finished in The Pas dog derby, with all dogs in excellent condition. Grayson reports that he and Theo Dupas, driving the Dupas-Balfour team, arrived at Ware House, fifty miles from The Pas on the return trip together, where he left Dupas and proceeded alone. Morgan's team won last year's race. His time was 24 hours and 51 minutes for the 200 miles, establishing a world's record. Dupas, who finished second made the course in 25 hours and 25 minutes. His dogs were fresh and he himself is fairly well considering he came out of the hospital and started on the race. Solomon Cook finished third in 27 hours and 2 minutes with Pranteau fourth, his time being 27 hours and 41 minutes.

Cook and Pranteau both drove nine dogs, the former bringing one home on the sled, and the latter two. The drivers of the winning teams fed three times during the trip.

Would Eliminate Option of Fine

Member for Robin Advocates Jail
Sentences for Bootleggers

Winnipeg.—Jail sentences without the option of a fine for all persons convicted of bootlegging in Manitoba is provided in a resolution to be brought before the provincial legislature by Major H. R. Richardson, member for the riding of St. John. In his resolution Major Richardson points out bootlegging is growing to an alarming extent in Manitoba and endangering the lives and health of the population.

Soviets Abandon Salt Monopoly

Has Been Considered One of Russia's
Important Commodities

Moscow.—The Russian Soviet Government has abandoned its monopoly of the salt industry. Salt has heretofore been considered one of the most important key commodities of the country. The newspaper Pravda, in an editorial, advocates abandonment of state trading. "The time has come to give up the idea of concentrating the entire state trade in one hand. The Government should try to control only two or three of the chief products," it says.

Protest Against Drill Ground
Berlin.—The request of General de Goutte, commander of the allied troops on the Rhine for a new drill ground in the Bavarian palatinate and a small gauge railway leading to it has been protested by the German Government on the ground that it is a violation of the peace treaty not in accord with the Rhineland agreement which did not obligate Germany to establish more drill places.

Desire Participation
Paris.—It is understood that Argentina and Brazil have addressed to Italy a request for participation in the Geneva economic conference.

Austen Chamberlain Wants British Premier To Stay On The Job

Oxford, Eng.—Right Hon. Austen Chamberlain, Government leader in the House of Commons, in an address here, announced that after consulting his colleagues in the Cabinet, he had given Mr. Lloyd George a unanimous reply that they considered it necessary in the national interest that the Premier should continue to carry on the Government.

Mr. Chamberlain said that when Premier Asquith resigned during the war, Lloyd George had not sought the premiership, but desired to serve under Arthur J. Balfour or Andrew Bonar Law. Both these men thought it in the national interest that Mr. Lloyd George should have the premiership and he accepted the post at their request. Mr. Lloyd George then said it, at any time, he felt that the country's interests would be better served by the return to party government he gladly would retire in favor of either Mr. Balfour or Bonar Law.

"Mr. Lloyd George repeated that offer to me the other day," Mr. Chamberlain continued. "And he would not take my answer, but asked me formally to confer with the party and let them have their reply. I have consulted them and we have unanimously replied that we have the national interest and we have the interest of our own party and that we must take the broad and long view, and that would not be served, but would be injured by the Prime Minister resigning."

"We have told him that we value his leadership in the Government and the Cabinet, that we value the co-operation of his Liberal colleagues and that we think no government constituted as a purely party government could have purely party control through the dangers of war as his combination has done."

Mr. Chamberlain highly eulogized the achievements of Mr. Lloyd George at home and abroad. He argued that British councils carried the greatest weight in Europe and declared that the Premier's colleagues felt that to accept his offer would be to prejudice that stability which it was the privilege and duty of the Conservative party to preserve.

Mr. Chamberlain referred to the Irish settlement as having been a shock to some of our oldest friends, but declared he had nothing but high regard "for the men who differ from me. I look forward to the time when this question is removed and we shall cooperate as loyally as we have done for many years past," he said.

The Mennonite Exodus
Winnipeg.—Marking the beginning of the Mennonite exodus from Manitoba, a party of the Old Colony Mennonites from Plum Coulee, Man., passed through here on the first stage of their journey to San Antonio, Mexico. They are travelling in a special train of 23 cars, bearing household effects and two passenger cars. About 200 persons compose the vanguard of the exodus.

Mon. Larkin as Privy Council Member
Ottawa.—P. C. Larkin, who was recently appointed Canadian high commissioner in London, will shortly be sworn in as a member of the Privy Council of Canada. His appointment to the Privy Council dates from March last, when he assumed the duties of high commissioner. Membership in the Privy Council carries with it the title of Honorable.

Canada's Enormous Coal Reserves Add To Our National Wealth

Ottawa.—In the course of his address before the Canadian Institute of Mining and Metallurgy, C. V. Corlies, president of the Institute, referred to Canada's enormous pre-Cambrian area surrounding Hudson Bay, as a veritable treasure house of minerals, where real prospecting had scarcely begun. This area included the nickel mines at Sudbury, silver mines at Cobalt and gold mines at Porcupine, one of which might soon reach the position of the world's greatest producer.

Referring to the great pre-Cambrian areas, which comprises 90 per cent. of the province of Quebec, Mr. Corlies predicted that enormous mineral treasures awaited discovery by "the thrifty people of this province."

Mr. Corlies referred to the tremendous coal reserves in Canada, estimated at 1,234,000 tons or 25,000 times the present annual consumption. He pointed out that though Canada was rich in agricultural country, only 15 per cent. of the area of the Dominion was suitable for cultivation, while 90 per cent. would undoubtedly produce great mineral wealth. He suggested that the mining industry should receive a large share of Government assistance.

MORTGAGE SALE
OF
VALUABLE FARM
PROPERTY

Pursuant to the Judgment and
final Order for Sale, there will be
offered for sale with the appro-
bation of a Judge of the Supreme
Court of the Judicial District of
Edmonton, or the Master in
Chambers, at the Town Hall,
Auctioneer, at the Town Hall,
in the Town of Wainwright, in
the Province of Alberta, at the
hour of 2:00 o'clock in the after-
noon, on
SATURDAY, 1st OF APRIL
A.D. 1922, the following property,
namely:—
The South-East Quarter of Sec-
tion Twelve (12), Township
Forty-six (46), Range Ten
(10), West of the Fourth Meri-
dian, Province of Alberta, con-
taining by admeasurement One
Hundred and Sixty (160) acres,
more or less. Reserving unto His
Majesty, His Successors and His
signs all Mines and Minerals.

The terms of the sale to be ten
per cent. cash at the time of the
sale, and the balance of the pur-
chase price to be paid into
Court within sixty days from the
date of sale without interest, or in
the alternative ten per cent. cash
as aforesaid, the execution of a
mortgage by the purchaser for the
sum of Three Hundred and
Fifty (\$350.00) Dollars, and the
remainder of the purchase price
to be paid into Court within sixty
days from the date of sale with-
out interest. The mortgage shall
be a first mortgage on the land
for a term of three years repay-
able three years from the date of
sale and shall bear interest at the
rate of Eight (8) per cent. per
annum, payable half yearly from
the date of sale.

The above property will be of-
fered for sale subject to a sealed
reserve bid and free from all en-
cumbrances, save such reserva-
tions and conditions as may be con-
tained in the existing Certificate
of Title, or in the original grant
thereof from the Crown and taxes
subsequent to the 31st day of
December 1921.

The Vendor is informed that
the above property is three miles
from Jarow. The soil is a black
shallow soil. About twenty acres
have been under cultivation.
There are no buildings, but the
place is fenced.

THE WORKING DAY

Mrs Michael Murphy got up at
five o'clock in the morning. After
getting the fire going and the
house warmed and the meat fried
and a plate of toast browned she
called Mike Murphy from his bed.
He ate his breakfast with dexter-
ity and silence, grumbled a bit
about fate and the weather as he
filled his pipe and got into his
jacket and by eight o'clock went
off to work. Mrs Murphy made
more toast, roused 5 children,
helped them dress, untangled and
tangled shoe-laces, gave them
their breakfast, darned a stocking
and had two of them to school by
nine o'clock. Then she washed
the dishes, made the beds, swept
the floor, bathed the baby, ran to
the butcher shop at the corner,
bought bread tickets, peeled
potatoes, made a pie and almost
had a meal ready when Mike
Murphy came home. Also came
the two school children. Mike
finished his meal, smoked for ten
minutes, and was off. Mrs
Murphy mended a coat pocket
and sent the two children back to
school. The three others had to
be left from fighting, faces
washed and the kitchen mopped
where a pint of milk had been
spilled by a young climber. Then
she washed the dishes, fixed a
shirt, cleaned the sink, drove off
a book-agent, did a washing, made
over a pair of trousers, and fixed

up a meal for Mike Murphy and
the five younger Murphys at 6 o'-
clock. Then she washed the
dishes mended more socks, put
the kids to bed, ripped an old
coat to make over a new one,
fixed the fire, put out a milk bot-
tle, cleaned the stove, set a
batch of bread, did another wash-
ing and at 10:30 entered the din-
ing room where Mike Murphy
was talking to Patrick Clancy.
They were smoking and spitting
into a venerable spittoon.
"Now as I was saying,"—Mi-
chael Murphy was talking—"if
you men had the seven hour day,"
Mrs Murphy went back to the
kitchen and picked up a kettle
of boiling water.

One hour later, Mike Murphy
entered his home, a furtive figure,
using the back door.

WAINWRIGHT, ALBERTA, MARCH 15th, 1922.

IS REASONABLE

The situation with respect to the natural resources of western provinces at the moment indicates prospect of a fair settlement between these provinces and the Dominion government. Premier Greenfield, of our own province, has put the case before the legislature and urges that his government be given a free-hand in the conduct of negotiations on the subject.

The request is a reasonable one and under the circumstances is without doubt the best thing the legislature can do in the matter. It is certain that Premier Greenfield and his colleagues in the cabinet have a clear appreciation of public feeling with regard to natural resources; also that the premier senses the desirability of coming to an agreement concerning them in the shortest time possible. That he will intelligently safeguard the interests of the province during the negotiations no one doubts.

Incidentally while discussing the question of the return of our natural resources it is well to draw attention to the fact that no matter what sort of settlement is made some people are certain to be disappointed. For some occult reason there are many who harbor the misconception that with their return all our financial worries will cease. Nothing could be further from fact. In truth it is possible that they will prove an added source of expense for a time. They can, not prove a source of revenue at least until they are properly organized and more or less developed, which will take time and money to accomplish.

The serious business in connection with the resources will show in the disposition made of them following their organization. There will come the opportunity for real statesmanship. Are they to be wisely conserved for the benefit of posterity or are they to be dissipated for the benefit of individual exploiters? Whether it be the Greenfield or some other government that has this business in hand, it may be depended upon that as it deals with it so will it be judged by the people.

BANKING

AND FINANCE

Interest payments on mortgages and other forms of Trustee investment in western Canada during 1921 were not met as well as as promptly as in 1920 says the monthly commercial letter published by the Canadian Bank of Commerce.

Normally, at the close of a year the interest overdue on western mortgages averages one per cent of the principal, but last year it was one and a quarter per cent. There is also a larger percentage of interest overdue on municipal, school and rural telephone debentures caused by the difficulty of collecting taxes.

This difficulty is mainly the result of the fall in the price of agricultural products, although in some cases it is in part due to the increased outlays on schools and municipal undertakings.

The net debt of the Dominion as at December 31st last, was \$2,366,861,000, as compared with \$2,308,218,000 a year ago. Temporary loans increased during 1921 from 195,839,000 to \$150,584,000. For the nine months ending December last, the revenue of the Dominion amounted to \$294,270,639, as compared with \$344,354,675 for the same period in 1920. The decline is partly due to a falling off of \$57,000,000 in receipts from customs and of \$9,000,000 in the business profits tax. The receipts from the income tax, however, increased \$53,000,000 a result due partly to the steadily improving machinery for its collection and partly to the payment within a single year of the taxes on incomes for the years 1919 and 1920. It is noteworthy that the burden of taxation is rapidly creating a volume of public opinion in all public expenditures.

Deposits by the public in Canada at the close of December last were \$27,000,000 lower than at the end of the previous month. Government and foreign deposits were also lower by \$22,000,000 and by \$15,000,000 respectively. Current loans in Canada contracted by \$52,000,000 to \$1,255,000,000 and call and short loans by \$15,000,000 while current loans abroad remained stationary. The general contraction shown in the December statement is seasonal in character, except as to call loans, which a year ago showed only a nominal change.

The extraordinary fall, during 1921, in the prices of the chief natural resources of Canada, and the interruption to the marketing of a considerable portion of them, caused by the emergency tariff legislation in the United States, are responsible in some measure for the number of failures in that year, which was greater than in any previous year except 1914 and 1915. The total amount of liabilities was the highest on record, but some allowance must be made for higher values. At the beginning of the recession in prices they had not only a large stock of goods on hand, but also had great difficulty in cutting down their operating expenses. Traders, however, were able to protect themselves by refusing to buy, and by gradually liquidating stocks on hand at prices which enabled them, as a rule, to meet their liabilities.

BILL BLINN

CO-OPERATION IS KEYNOTE OF BANK OF MONTREAL

(Continued from page 2.)

of his day.

Mr. George Stephen, (the late Lord Mount Stephen) and Mr. R. B. Angus are others who served the Bank well in executive capacity, as did also Mr. Donald Smith (afterwards Lord Strathcona) who, with the two gentlemen previously named, was a director of the Bank at the time when it was actively identified with the growth and expansion of the Canadian Northwest. Lord Strathcona remained the president until recent years, when his duties as High Commissioner for Canada in London compelled him to relinquish the office in 1905.

Sir George Drummond and Sir Edward Cluston were two other notable figures in the Bank's recent history.

The directorate of the Bank at the present time contains a notable array of leading figures in and it is generally felt that the traditions of the institution are worthily upheld by Sir Vincent Meredith, Bart., the President, and Sir Frederick Williams-Taylor, the General Manager. Both have served with the Bank from their early youth.

The Bank and the War

As the agents of the Dominion Government, and as the banker of other banks, the Bank of Montreal rendered notable service to the country during the war. By calling in large amounts to specie which it had invested abroad, available at short notice, it steadied the financial situation in Canada at a time when great apprehension was entertained, and it thus contributed largely to enabling the country to tide over the period of depression which supervened between the outbreak of war and the reorganization of our industrial and economic life. In the difficult problems of finance which the Government and the country have been faced with from time to time since the close of the war, and Bank has lent invaluable aid.

Not the least service which the Bank of Montreal has rendered to the country is the steady influence which it exerted when a crisis arose in the affairs of the Merchants Bank, and the manner in which it brought its resources and experience to bear not only in preventing any losses to the clients of that bank but also in preventing anything even remotely resembling a dislocation in the business with which the Merchants Bank was associated. It is generally felt that the customers of the Merchants Bank have been fortunate in finding that the Bank which has served them so well has been able, when difficulties arose, to merge with such a strong and helpful institution as the Bank of Montreal.

WHAT MAKES THAT CAR ENGINE STOP?

A firm trading in harvesting machinery issues a comprehensive treatise entitled "What makes it engine go?" The other day it received the following from a farming patron:

Dear Sir—About that engine, Well, we write to let you know We've waded through the booklet on "What makes the engine go?" It took us close to half a day To read through all the guff. The engine goes all right, but don't keep going long enough. Its very good to understand, what makes the engine go, But why the deuce the darn thing stops. Is what I want to know. So now we're making this request.

While tears and curses drop. Please send along a booklet on "What makes the engine stop." The folks around here all await With interest your reply. To them the reasons why she goes

Don't seem to signify. So while we wait and chew the cud

Don't let the matter flop; For heaven's sake write and let us know

What makes the darned thing stop.

MATCHES AND FIRES.

There is a fascination about fire and especially about the burning of a match for the smallest child. A child uses matches carelessly because they are placed where he or she can readily get them, and because children see matches constantly handled in a careless fashion by their parents.

Holding your breath is to a certain extent a test of your health. Normal, adults should be able to do this from forty to fifty seconds.

G. T. STEEL
PHONE 12 PHONE 12**LOCAL INTEREST HAPPENINGS****LOCALS**

BORN—To Mr. and Mrs. M. B. McLeod on March 12th, a son.

Mr. J. Irwin, G.T.P. supt. was in town on business over the week end.

Mr. and Mrs. H. P. May, are getting settled this week in their new home—the Davies' house—on Third avenue.

Mr. L. Bollen returned from a visit to Edmonton on Saturday last accompanied by his two little boys. He was called to the city by the news of illness of a relative.

Mrs. J. W. Stuart is entertaining guests these days in the person of Mrs. (Dr.) McGregor of Edmonton, and Mrs. W. Peterson of Irina.

We learn that Mrs. D. Dundas will be installed this week as the "hello, girl" at the Chauvin telephone exchange. Dave will back it on the farm.

Mr. and Mrs. Pilkington who were away to Drumheller visiting relatives and friends have now returned to their farm for the season.

The tractor business is growing apace in the neighborhood. Hesson and Son have booked two more this week. Both of these are Titans, and a Messier of Heath gets one, while R. Hendon of Fabyan gets the other complete with plows and seeders.

The L. A. of St. Andrew's church have arranged to hold a big dinner on Saturday next from 12 to 2 p.m. in the old Beauty store on Main street and continue with afternoon tea till 6 p.m. Just give yourself a treat on Saturday and invite yourself out to eat. Everybody welcome.

Just to show what the Wainwright district is capable of, Mrs. G. Gregson reports her first hatch of this season's broilers yesterday. Going some, we'll say!

Mr. L. D. Albertanson, the worthy editor of the Chauvin Chronicle, was a week end visitor to town on business connected with his office as secretary of the Canadian Weekly Newspapers Association. ("And a pleasant time was spent!")

The Women's Institute are announcing a Novelty Dance to be given in the theatre on Monday, April 3rd. This will be something new. Watch for further announcements.

The Spring millinery opening at the Coleman parlors is announced elsewhere in this issue. It takes place on Friday and Saturday next, and no doubt our ladies will attend in full force.

We are glad to know that little baby Teeter who was under an operation in the city for appendicitis is now recovered. She returned with her parents Mr. and Mrs. Price Teeter last week end.

Mr. and Mrs. R. E. Taylor after a winter's stay at Lethbridge have returned to town and are now in residence on the Bowen farm, 14-45-7.

Mr. and Mrs. G. Glas are away for a few days visiting relatives in Calgary.

The men who succeed in business are the men who advertise skillfully and continuously. Look through this paper and you will find that the advertisers are those whose businesses are not standing still. Advertising pays!

Mrs. C. Davies left with her family on Friday's train and is now located in her new home at Biggar. A number of friends assembled at the depot to say "good bye."

March seems to be a month for family moves, and this week sees several around town. Among these are Mrs. Luppert, who will in future occupy the old Smith house on Fourth avenue and Mr. E. Cope who is shifting his quarters from First avenue to the old Vanger residence on Sixth. Mr. and Mrs. Clute expecting to leave from this house to take up residence in Tacoma, Wash. during the next week.

Mr. and Mrs. Eidehouse spent the week end with friends at Chauvin.

Mr. P. K. Adams, of the oil well staff, had the misfortune to break a rib during the course of his duties last week, and was fixed up by Dr. Wallace. He paid a visit to Edmonton to "while away the time" but returned with the news that "it's a slow burn, anyway!"

Mr. J. L. Gerow, was a business visitor to the city last week end.

As will be seen from our advertising columns, Mr. F. Stolt is opening up a paint shop in town for the season. We understand he will specialize on the beautifying of automobiles, although he will be pleased to quote prices for any work in the decorating line.

A load of dry kindling wood from the Atlas Co. will be just the thing to start a quick fire in the mornings.

Copies of the prize list and rules of the Calgary Spring Horse Show are now available on application to the manager in that city.

IN THE LEGISLATURE.
Issued by the Publicity Commissioner, Govt. Buildings, Edmonton For Publication Week of March the 13th.

Interest in the legislature the past week centered in the discussion on the natural resources question, and the announcement that the budget and the liquor act amendments will be introduced during the coming week. Premier Greenfield on Tuesday informed the house of the offer on the transfer of the natural resources received from Premier McKenzie King, and stated that the Alberta government was prepared to negotiate immediately for the return of the resources. He asked for a free hand for the government in carrying on these negotiations, and Leader Boyle of the opposition agreed that the government should have a free hand. The premier stated that he entirely agreed with the suggestion of Premier King that past negotiations should be ignored and a fresh start made.

Premier Greenfield is introducing his budget this week, and Attorney-general Brownlee will also have his liquor amendments down. He has already given notice of a bill to license restaurants and export houses.

J. C. McLEOD
FURNITURE AND MUSICAL INSTRUMENTS
SECOND AVE. WAINWRIGHT

We are sorry to learn that Mr. and Mrs. Ed. Davis are both on the sick list, and in addition the wee boy has an attack of pneumonia.

Mrs. J. Richardson, accompanied by her mother Mrs. T. Baynton was a visitor to the city for a few days last week.

Mrs. F. Asquin, on 8145-7, half mile south of Fabyan, has decided to go out of farming and to this end Auctioneer Brownman will cry a sale of his goods and effects on Wednesday March 22nd.

Owing to a mistake in the shipment of films for the Elite theatre the picture tonight an tomorrow will be "The Miracle of Love," and next Monday's, and Tuesday's feature will be "The Sins of St. Anthony." The week end special on Friday and Saturday is as advertised: "Seven Years' Bad Luck."

Remember that you get the best value in coal when you buy from the Atlas Lbr Co. Phone 57.

Will all Rebekahs having tickets for the Hard Times dance which is booked on Friday next please bring the money and unsold tickets with them to lodge tomorrow night. This is desirable so that the committee may complete arrangements.

A new tax recovery act has been introduced by Hon. Mr. Reid that will provide new procedure with respect to sale of lands for taxes. Instead of sale by auction of such lands the year after taxes are due, the municipality will simply file a caveat against the land. A year later the municipality will apply for title, if taxes are still in arrears, and in the year following that the land must be offered for sale by auction. This will give approximately two years for the owner to redeem by paying off all taxes due.

The bills respecting supply of seed and relief to the farmers were passed during the week. Amendments were made in committee providing that the maximum advance of seed for any one quarter-section shall be \$130 instead of \$100, and not over \$200 to any one person in any one year, and that the maximum of all loans made to any farmer shall not exceed \$1000.

Amendments to the prairie fires ordinance provide further measures for the prevention of prairie fires and for combating these fires.
